How to verify

Each entry links to its page on Coursera, which confirms the learner's name, the certificate and the completion date. The pages are public, so no Coursera account or sign-in is needed. Each Credly badge links to its public page on Credly, which shows the earner, the issuer and the skills it covers. In the PDF and Word versions the links are clickable; on paper, type the address shown under each title.

Issued by: IBM (159), Google (45), Coursera (27), SkillUp (24), Packt (16), Google Cloud (12), Microsoft (7), University of Colorado System (6), and 16 others.

Completed: July 2025 – October 2026. Each list below is ordered newest first.
